

REMARKS/ARGUMENTS:

Entry of the above amendment is respectfully requested. Applicant has updated the cross reference to related applications paragraph to show the updated status of the related applications.

A. Allowable Subject Matter

Attorney for Applicant acknowledges the allowance of claims 12-14 and 19-35 by the Examiner with appreciation. Attorney for Applicant agrees with the Examiner's Statement of Reasons for Allowance to the extent that the claims of the present invention are patentable over the references in the record. Attorney for Applicant expressly traverses the Examiner's Statement of Reasons for Allowance to the extent that any comment is intended or has the effect of limiting a claim scope, explicitly or implicitly, by not reciting verbatim the respective claim language, or is intended or has the effect of limiting a claim scope by stating or implying that all the reasons for patentability are in any way fully enumerated.

Attorney for Applicant further points out that the reasons for allowance set forth by the Examiner are not the only reasons that claims 12-14 and 19-35 are allowable. Further reasons for allowance of the claims beyond those enumerated by the Examiner are described and set forth in the specification. In addition, structures that perform substantially the same function in substantially the same way to achieve the same results are included within the scope of the claims.

Finally, as the Examiner's reasons for allowance are not exhaustive, such reasons for allowance do not establish an estoppel against Attorney for Applicant seeking and obtaining allowance of additional, broader claims in a continuation application, which Attorney for Applicant reserves the right to file.
